It is suggested that the Travel Policy Cmte might want to take a look at this issue.

I discussed this specific problem with [Redacted] and others involved and find that the Secretaries in question live in Manassas. They do not use their cars on a daily basis to come to work but do carpool.

Is it time to revise the basic regulation or is there some means by which mileage could be paid under these circumstances, i.e. required Saturday duty that is not subject to being regularly scheduled.
